## Pearl's Creations

[www.pearlscreations.com.au](http://www.pearlscreations.com.au)

Pearl Toh of Pearl's Creations has made a name for herself in the Australian Cake Industry for her handcrafted sugar figurines. Her simple, clean-cut style lends itself to a wide variety of wedding, birthday, and other celebration cakes.

Pearl has been creative with many different mediums for as long as she can recall. In 2013, she discovered that there were many ways to be creative in the kitchen as well after having been introduced to cake decorating.

Finding her strengths in figurine modelling, Pearl has created well over 500 sugar figurines for others to adorn their own cakes over the last 3 years. Being equipped with the knowledge of packing figurines for safe travel, Pearl has been able to service customers Australia wide.

Naturally, Pearl was approached on many occasions asking for her to teach others. So she runs private classes upon requests at her licensed and insured home studio/kitchen located in Hornsby Heights, NSW.

In June 2018, Pearl became the first Cake Dutchess Instructor appointed in Australia. Armed with her own designs as well as Cake Dutchess designs, Pearl now sets about creating classes/workshops/courses to run in the near future.
